INTRODUCTION

The 15th AIWEST-DR 2023 conference is held again, hosted by Faculty of Psychology, Universitas Gadjah Mada, Indonesia, under the theme of “Adaptive and Sustainable Resilience to Disaster”.

The conference aims to bring together academics, governments, and practitioners to share lessons and recent advances in multi-hazard disaster risk reduction, providing an interdisciplinary platform to further disaster scholarships and practice. This year’s conference theme coincides with the mid-term review of Sendai Framework for Disaster Risk Reduction and highlights reflections from post-pandemic disruption. The conference will be held on 11-13 October 2023, at the University Club Universitas Gadjah Mada and Faculty of Psychology, Yogyakarta, Indonesia.

This welcome booklet contains information necessary for you to prepare for your trip, particularly for those who visit Yogyakarta for the first time. For further information about this conference programme, please visit the link <https://aiwestdr.psikologi.ugm.ac.id/>

ABOUT UNIVERSITAS GADJAH MADA & FACULTY OF PSYCHOLOGY

Universitas Gadjah Mada (UGM) was founded through the struggle for Indonesian independence. Established in the early period of Indonesian independence, precisely on December 16, 1949, UGM was designated as the National Center for Science and Culture to provide national higher education. The name Gadjah Mada signifies the spirit and legacy of Mahapatih Gadjah Mada, who successfully united the archipelago. This legacy is reflected in UGM's identity as a national university and cultural center.

At its inception, UGM comprised six faculties: the Faculty of Medicine, Faculty of Law, Faculty of Engineering, Faculty of Letters and Philosophy, Faculty of Agriculture, and Faculty of Veterinary Medicine. Today, UGM boasts 18 faculties, one Postgraduate School, and one Vocational School, offering numerous study programs.

Ten years after the founding of Gadjah Mada University, a psychology department was added, originally part of UGM's Faculty of Education, established in the 1958/1959 academic year. Six years later, the UGM Faculty of Education merged with IKIP Yogyakarta, while the psychology department remained with UGM and was renamed the Psychology Department, led by the UGM Chancellor at the time.

On January 8, 1965, according to a presidential decree, the UGM Psychology Department officially became the UGM Faculty of Psychology. Since then, the UGM Faculty of Psychology has been recognized as one of the leading psychology programs in Indonesia.

CONFERENCE VENUE AND FACILITIES

REGISTRATION

All participants are strongly encouraged to pre-register using the online registration form available on the conference website and to follow the instructions to complete their pre-registration. The link to the registration page can be found here: <https://aiwestdr.psikologi.ugm.ac.id/registration/>

A registration and information desk will be available for you to pick up your participant ID and conference kits and to answer all your questions about the conference. STAYING IN YOGYAKARTA

Yogyakarta is renowned as the center of Javanese culture and has the distinction of being governed by a leader known as the “Sultan”. The people of Yogyakarta are also known for their polite and friendly demeanor towards everyone. Among the special traditional foods that attract tourists are gudeg, pecel, sate, tengkleng, soto, and bakmi. Additionally, we recommend trying traditional cakes and snacks such as bakpia, geplak, yangko, peyek kacang, gethuk, and jenang. For those interested in traditional beverages, coffee and wedang are highly recommended.

Pro Tip!: Install transportation apps (Grab, Go-jek, etc) to get flexible journey.

EMERGENCY PROCEDURE

EMERGENCY PREPAREDNESS

It is the responsibility of our staff to inform visitors and program participants of applicable emergency procedures. In case of emergency, our staff will assume responsibility for the evacuation of all participants and visitors .

Most buildings have evacuation maps posted at the entrance. If your building lacks a map, contact your Conference Committee or Liaison Officer. In the event of a disaster, unless it is unsafe to do so, go to the assigned evacuation area or the closest safe location and wait for further instructions from emergency personnel or security staff.

EARTHQUAKE SAFETY

Yogyakarta is placed in the center of the ring of fire. It has an active volcano and earthquakes are common; however, most are not severe. In the case of an earthquake:

- Remain calm, reassure, and assist others
- If you are indoors, stay there. Move away from windows. Get under a desk or table or stand in a doorway.
- If you are on a stairway, grab the handrail for support
- Shield yourself from falling furniture, debris, and glass
- If you are outdoors, move to an open area away from hazards
- Avoid buildings, electrical wires, power poles, trees, and other potential hazards
- Do not re-enter buildings until they have been declared safe
- After the shaking stops, exit using stairs (do not use elevators)
- Be prepared for aftershocks

FIRE SAFETY

In the event of a fire, activate a fire alarm and call security staff, if it is safe to do so. Do not try to extinguish the flames yourself.

- Stay calm. Do not rush or panic.
- Use the nearest stairs and proceed to the nearest exit
- Do not use an elevator
- Proceed to the designated evacuation meeting point
- Wait for instructions from emergency responders
- Do not re-enter the building until you have been instructed to do so by emergency responders

Tampering with smoke detectors, fire alarm stations, fire extinguishing devices, or door closure apparatus/alarms is illegal; such actions will result in disciplinary action and/or fines.
